

***The following information does not apply for students in our homestay program through Canada Homestay Network.**

Please look at the chart below and select the link in the arrow that aligns with your situation

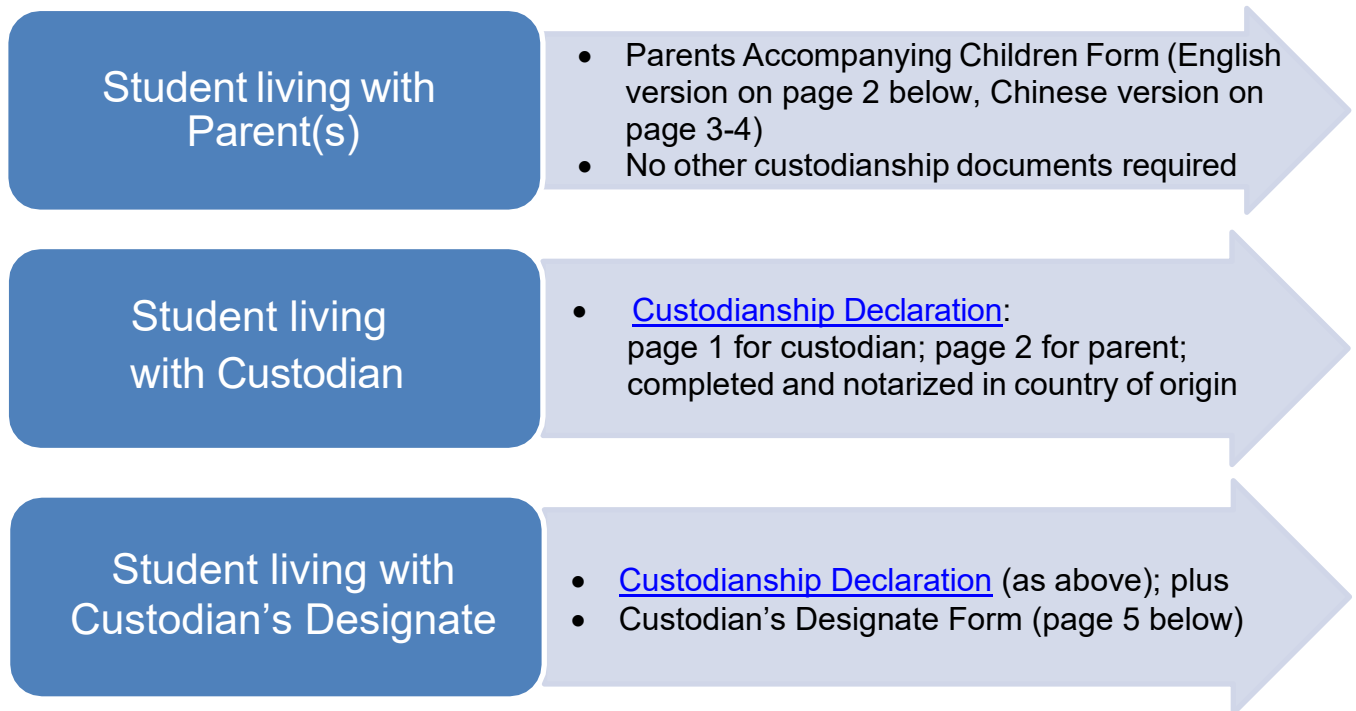

When a parent will not be living in Calgary during the study period, custodianship must be assigned. The custodian must be at least 25 years of age or older and a Canadian Citizen or Permanent Resident of Canada. This requires two documents to be submitted: one from the parent assigning custodianship and one from the custodian accepting custodianship. Both documents must be notarized by a Notary Public in the country of origin. You can find templates of both documents at the link provided.

DEFINITION OF TERMS

Parent(s):	Student's biological parent(s) in home country.
Custodian:	The person designated by the parent(s) to be responsible for the care of their minor child in their absence, while the child is studying in Calgary.
Custodian's Designate:	The person designated by the parent(s) in consultation with the custodian to provide day-to-day care for the student, in the case where the student is not living with the custodian.

Please note: the word **guardian** often gets used instead of custodian. When talking about the temporary care of a minor child, assigned by the biological parent in the home country, the correct word is **custodian**.
